Branding for “information, logo, slogan and messages” to be developed and national campaign at supermarket and community to be conducted</li> </ul>

**[Important Note]**

- Include health promotion and prevention components for all aspects
- Special attention and focus to be given to small children (0-5 years)
- Make sure indicators in NCD plan covers “children” (for example, mortality and morbidity of premature deaths due to NCDs should be “age” and “sex” segregated).
