Preventing disease  
Promoting and protecting health

# Accountability: Role of Stakeholders in monitoring NCD commitments

Preventing disease, promoting and protecting health

# CARPHA's roles

- Public Health Surveillance Role
  - Mortality (fairly good)
  - Morbidity hospital (weak)
  - Risk Factors (STEPS etc)
  - Policy coverage and quality of care
  - Annual State PH Report
  - Country visits
  - Collaboration with PAHO, CARICOM, HCC, others
  - Multi sector monitoring; joint accountability of non health sectors (in progress)
