Massy is a diversified regional conglomerate with operations across six different segments throughout the Caribbean basin, as well as Costa Rica, Colombia, and the United States.

With over 60 operating companies comprising Massy Holdings, the Group is able to leverage significant synergies and deliver greater growth and value for stakeholders.

The Group employs over 11,000 people across all 10 countries in which it currently operates.

Massy is a publicly traded company on the Trinidad & Tobago Stock Exchange.

Massy is a group that is highly committed to being a force for good in its community and is one of the most socially responsible companies in the Caribbean basin.
Our Purpose

A Force for Good
Creating Value
Transforming Life
A Company With A Vision

Our Vision:
A Force for Good: The Most Responsible and Profitable Investment Management/Holding Company in the Caribbean Basin
Our Values

Honesty & Integrity

Growth & Continuous Improvement

Love & Care

Collaboration

Responsibility
Love & Care drives Wellness
‘Health is a state of body, Wellness is a state of being’
Massy’s wellness philosophies mirror the diverse culture of our companies and employees
We formed a Group-wide Wellness Committee

- Built consensus among committee members to understand and embrace the wellness vision
- Incorporated employees at all levels, who were passionate and energized about health & wellness
- Included sub-committees of employees who championed activities in their companies
- Also incorporated employees who had chronic conditions and wanted to ‘give back’ and share their stories about prevention to their colleagues
- Take ownership of the development process for a policy to be created, rolled out and maintained
We developed a Wellness Vision

- A healthy and engaged workforce
- Decrease in the number of insurance claims
- Increased health of families, supporting our employees
- Reduce the burden on the national health system
- Massy branded as a company that values its workers and building our reputation
- First model of its kind in the Caribbean
- Organizational health index that can be reported at the board level and published

**2012 – 2013** we saw major increases in medical premiums and high utilisation of EAP service & we started having conversations with our insurance agencies and pre-employment doctors.
MASSY MEDICAL CLAIM SUMMARY – ACTIVES (4,312)

Communicable Diseases - 3346
- Blood - 47
- Breast - 55
- Chest - 442
- Ear - 118
- Eyes - 186
- Gynecological - 338
- Mental / Nervous - 11
- Miscellaneous - 823
- Muscles / Tendon - 164
- Neck / Back - 126
- Psychological - 30
- Renal - 150
- Sinus - 122
- Skin - 354
- Stomach - 210
- Throat - 67

Non-Communicable Diseases - 966
- Bone / Joint - 148
- Cancer - 24
- Diabetes - 152
- Heart - 213
- Hypertension - 12
- Kidney - 2
- Respiratory - 415

Non-Communicable Diseases account for 22% of all total claims (actives)
April 2014 – March 2015
MASSY MEDICAL CLAIM SUMMARY – RETIREES (1,412)

Communicable Diseases - 826
- Blood - 20
- Breast - 13
- Chest - 66
- Ear - 21
- Eyes - 130
- Gynecological - 16
- Mental / Nervous - 8
- Miscellaneous - 152
- Muscles / Tendon - 47
- Neck / Back - 30
- Psychological - 24
- Renal - 130
- Sinus - 24
- Skin - 85
- Stomach - 55
- Throat - 5

Non-Communicable Diseases - 586
- Bone / Joint - 103
- Cancer - 32
- Diabetes - 159
- Heart - 75
- Hypertension - 151
- Respiratory - 66

Non-Communicable Diseases account for 42% of all total claims (retirees)
April 2014 – March 2015
Wellness committees included employees at all levels
In diverse businesses, diverse regions, diverse cultures and over 10,000 ‘one size just doesn’t fit all so we customized our approach
2. Design > Customize

In Trinidad at Carnival time everyone gets body conscious so we took the opportunity to introduce certain diet and exercise initiatives to get people engaged.
For every initiative, we had to offer a reward and make the effort attractive. E.g. we offered pedometers as prizes, inexpensive trips (to Tobago), fruit baskets and other creative & interesting wellness-related rewards.
2. Design > Budget

Based on the planned initiatives we carefully budgeted how we were going to use our financial resources:

- Critical for long-term engagement
- Critical for establishing financial guidelines

Be cautious about using the word ‘free’. Employees had to understand that wellness is their personal responsibility as well.
3. Implement

In January 2015 Massy (Trinidad operations) ‘reconnected’ with over 700 Massy retirees to reinforce the importance of wellness. To date we have successfully hosted 3 events of this kind with the 2015 event showing the largest turn out and participation.
3. Implement

We have also sponsored the Massy Rainbow Cup Triathlon for the past 4 years to promote employee health and wellness and support the national wellness agenda.
4. Evaluate > Formally & Informally

- Outstanding
- Very Good
- Satisfactory
- Marginal
- Unsatisfactory
Stakeholder partnerships support the framework

**Insurance agencies:**
- Better case management
- Reductions in premiums

**Internal Partners:**
- HSSE, in reducing incidents & accidents
- Massy Pharmacy (formerly Knights)

**Government Agencies:**
- Share global trends and data
- Access government support services

**Local & Foreign Health Care Providers:**
- Better case management & discounted rates

**NGOs:**
- Build awareness and provide educational material to help support employees and their families

**External Suppliers:**
- E.g. caterers, gyms, EAP providers

**Improve Case Management:**
- Negotiate lower rates & get better care for our employees
Stakeholder partnerships at work
With full support from our head
Goal: A Draft Health Management Policy

STEP 1
ENGAGE STAKEHOLDERS

STEP 2
COLLATE FEEDBACK

STEP 3
SECOND REVIEW

STEP 4
MEETING WITH LOCAL PROVIDERS

STEP 5
SIGN-OFF BY MHL CEO

Research

The implementation of the Health Management Policy will be audited as part of the Group HSSE audit programme.

KPIs shall also be developed to measure its impact. These should include percentage of staff completing annual health surveillance, percentage of employees participation in wellness programmes and other factors such as the absenteeism rate as well as the injury and illness rate.

Collate feedback and recommendations to amend policy accordingly.

Policy ‘owned’ by the Group Wellness Committee.
