

CHILDHOOD OBESITY PREVENTION WEBINAR SERIES

2019-2020

3. EXPLORING THE PURSUIT OF EFFECTIVE PUBLIC HEALTH POLICIES THROUGH A TRADE LENS

Date: Thursday, January 30th, 2020

Location: UWI Open Campus Blackboard Collaborate

Time: 10:00 a.m. - 11:15 a.m. E.S.T. (11.00 am - 12.15pm A.S.T.)

The objective of this webinar is to sensitise public health policy makers to the relevance and implications of international trade rules for formulation and implementation of public health policy at the national level.

This Webinar

- Explores the flexibilities built into the multilateral trading system to allow states to pursue their public health goals as well as lessons learnt for public health policy making from the WTO tobacco plain packaging case.
- Comments on the importance of health policy coherence at the multilateral level and strategies to improve this coherence.

Presenter:

- **Mrs. Nicole Foster** *HCC Policy Advisor, Attorney-At-Law, Deputy Dean, Faculty of Law, University of the West Indies Cave Hill*

Presentation Agenda

- Introduction - Sir Trevor Hassell, *President HCC*
- The Public Health Exception in International Trade Law
- The WTO Tobacco Plain Packaging Dispute: Lessons Learnt for Health Policy Making
- Health policy at the Multilateral Level: The Need for Policy Coherence
- Moderated Q&A
